The Expat & Penang – A Timeless Affair

Known around the world as “The Pearl of the Orient”, Penang is a thriving modern metropolis with a rich and fascinating history. Expats have played an integral part in the development of this island state, starting with Captain Sir Francis Light who founded Penang in 1786 and continuing with the contributions of members of the East India Company, British administrators, air force personnel from the UK and Australia, and, more recently, employees of various international companies in the Free Trade Zones.

“The Expats & Penang – A Timeless Affair” will celebrate the expat community’s presence in and contribution to Penang throughout the history of the island.

The Expat Group, with the support of Penang Global Tourism and in collaboration with expat associations based in Penang, is creating this iconic, annual event to commemorate and celebrate the contributions of the international community to the state of Penang.

The Expat Group invites the international community to come and join us to make this a much celebrated and recognised event that symbolically represents the international dimension of this beautiful state.

Come & Celebrate

the expat community’s presence in and contribution towards the development of Penang throughout the long and fascinating history of the island.
